**CALIFORNIA CODE OF REGULATIONS TITLE 16, DIVISION 42**  
**MEDICINAL AND ADULT-USE CANNABIS REGULATION**

**ERRATA TO FINDING OF EMERGENCY AND NOTICE OF RULEMAKING ACTION  
AND PROPOSED TEXT OF EMERGENCY REGULATIONS**

Pursuant to the requirements of Government Code (Gov. Code) section 11346.1(a)(2), the Bureau of Cannabis Control (Bureau) provided notice of a proposed emergency action to every person who has filed a request for notice of regulatory action with the Bureau. The Bureau identified minor numerical typographical errors that have been corrected. The corrections made are not substantive; the purpose, necessity, and rationale for each adoption of the regulations as set forth in the original finding of emergency continues to apply to the regulations as noticed. Enclosed please find a corrected text and finding of emergency and notice of proposed rulemaking action.
